Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

The frame house is a two-story frame structure constructed in a rectangular plan. The house is three-bays by two-bays and is covered in a modern exterior shingle. The main facade is symmetrically arranged with a central entrance, modern two-section windows sash in the outer bays of the first story, and period two-over-two sash window in the three bays of the second story. The structure has a gable roof with a boxed cornice. The structure appears to date from the late 19th century.

The property is located on the north side of Sandy Hook Road, approximately .17 mile west of Clark Road, in Sandy Hook. The house sits slightly back from the road. The main facade faces south.

The two-story structure is constructed of frame covered in a modern shingle siding. The main facade is symmetrically arranged with a central entrance. Modern two-section windows are located in the outer bays of the first story. Two-over-two sash windows are in the three bays of the second story and in the one-b on each story on the gable ends. The east gable end has an exterior-end concrete block flue. The house has a boxed cornice and a gable roof covered in asphalt shingles. There are no distinguishing features on the exterior of the house.

There are no significant outbuildings on the property.
